MEMORANDUM FOR: Director of Security

FROM:

Director, Security Evaluation Office

SUBJECT: Request for OS Representative for
Standards Task Force

Jim —

1. The DCI Security Evaluation Office is now doing a full inventory of the various standards in the areas of personnel security, technical security, and physical security applicable to U.S. diplomatic and consular posts and their tenant organizations.

2. We need an Office of Security point of contact who can work part-time with our standards task force over the next 90 days. It would speed our initial review if you could nominate an OS representative with broad knowledge of standards.

3. This nominee could be someone whom you might later nominate for a reimbursable rotation assignment here or you may wish simply to deal with the standards review process now. I intend to give you position descriptions soon along with a request for rotational assignment of a half-dozen OS officers beginning over the next six months.  will help us develop those requests after he arrives.
